### **2.3 Review Procedures for RRPT(s)**

Our Group adheres to the following procedures and guidelines to ensure that RRPT(s) is undertaken on commercial terms that are not more favourable to the Related Parties than those generally available to the public and not to the detriment of the minority shareholders; and the transaction price is determined on arm's length basis:

- (a) Our Board and employees within the Group are notified that any RRPT(s) is required to be undertaken on an arm's length basis under normal commercial terms consistent with the Group's business practices and policies, and on terms not more favourable to the Related Parties than those generally available to the public and is not to the detriment of the minority shareholders;
- (b) Records shall be maintained by the Company to capture all RRPT(s) which are entered into pursuant to the Proposed Renewal Mandate;
- (c) All RRPT(s) entered into shall be reviewed by the non-interested Director(s) to ascertain that the procedures and guidelines established to monitor the RRPT(s) have been complied with;
- (d) All RRPT(s) shall be carried out on an arm's length basis and based on the Group's normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders;
- (e) If a member of the Board has an interest in the RRPT(s), he/she shall abstain from any decision-making by the Board in respect of such transaction(s) and continue to abstain from voting on the resolution approving the transaction(s); and
- (f) At least 2 other contemporaneous transactions with/quotations from unrelated third parties for similar products, services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered by/to the Related Parties are fair and reasonable and comparable to those offered by/to other unrelated third parties for the same or substantially similar type of products, services and/or quantities.

In the event that quotation or comparative pricing from unrelated third parties cannot be obtained for the proposed transaction(s), the transaction price shall be determined based on the Group's usual business policies and practices to ensure that the RRPT(s) are not detrimental to the Group.

### **2.4 Threshold for Authority**

There is no specific threshold for approval of the RRPT(s) within the Group. However, all RRPT(s) shall be reviewed and authorised by an Executive Director of the Company, provided always that such personnel have no interest (direct or indirect) in the RRPT(s) and where necessary and applicable, the RRPT(s) has been approved pursuant to the shareholders' approval of the RRPT(s) in the general meetings.

## **2.5 Disclosure in Annual Audited Consolidated Financial Statements**

Disclosure will be made in the next AFS of the Group on the actual value of transactions conducted during the FYE 2024 and where applicable, in the next circular to shareholders seeking renewal of the Proposed Renewal Mandate.

## **2.6 Validity Period for the Proposed Renewal Mandate**

If approved at the forthcoming AGM, the Proposed Renewal Mandate is subject to annual review. In this respect, any authority conferred by the Proposed Renewal Mandate shall only continue to be in force until:

- (a) the conclusion of the next AGM of the Company following the general meeting at which such mandate was passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (b) the expiration of the period within which the next AGM of the Company after that date is required by law to be held pursuant to Section 340(2) of the Companies Act (but shall not extend to such extension as may be allowed by law pursuant to Section 340(4) of the Act); or
- (c) revoked or varied by resolution passed by the shareholders in a general meeting;

whichever is the earlier.

Thereafter, if the Board (save for the interested Director(s)) decides that the renewal of the Proposed Renewal Mandate is desirable, shareholders' approval for such renewal will be sought at each subsequent AGM of the Company.

## **3. RATIONALE AND BENEFITS FOR THE PROPOSED RENEWAL MANDATE**

### **3.1 Rationale**

- (a) The RRPT(s) envisaged under the Proposed Renewal Mandate are in the ordinary course of business of the Jishan Group undertaken on an arm's length basis, based on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and not detrimental to the interests of the minority shareholders. They are recurring transactions of revenue or trading nature which are likely to occur with some degree of frequency and could arise at any time and from time to time. These transactions may be constrained by the time-sensitive nature of such transactions, and it may be impractical to seek shareholders' approval on a case-to-case basis before entering into such RRPT(s);
- (b) The Proposed Renewal Mandate will eliminate the need to make regular announcements to Bursa Securities and to convene separate general meeting from time to time to seek shareholders' approval as and when the need arises, thus enabling the Group to transact with the Related Parties in an expeditious manner to meet business needs that are necessary for its day-to-day operations; and
- (c) The Proposed Renewal Mandate will also reduce substantial administrative time, inconvenience and expenses associated with the convening of a separate meeting for approval of each transaction, without compromising the corporate objectives of the Group and adversely affecting the business opportunities available to, or operational matters in respect of, the Group.

### **3.2 Benefits**

For the renting of 2 adjoining 1½-storey terrace light industrial building by JP Hub from the Related Party (the details as disclosed under Item 1 of Section 2.2.1 of this Circular), it is beneficial to our Group for ease of management and supervision as the properties rented are located within close proximity to Plant 1. Furthermore, the Group also enjoys the renting of the properties at a competitive rate compared to the prevailing market rental rate in the surrounding area.

For the purchase of solar energy by Jishan Pack from the Related Party (the details as disclosed under Item 2 of Section 2.2.1 of this Circular), it is beneficial to our Group as the normal electricity rate imposed by Tenaga Nasional Berhad (“**TNB**”) including the charge for Imbalance Cost Pass-Through (“**ICPT**”) is RM0.478 per kilowatt-hour (“**kWh**”) for Plant 1, whilst the agreed solar energy rate payable to the Related Party is RM0.415 per kWh for Plant 1. This represents a saving of approximately 13.18%.

For Plant 2 and Plant 3, the peak hour rate imposed by TNB including the ICPT was RM0.555 per kWh and RM0.525 per kWh respectively, for June 2023 and effective from July 2023 due to decrease in the charge for ICPT; whilst the agreed solar energy rate payable to the Related Party was RM0.493 per kWh. This represents a saving of 11.17% and 6.10% respectively.

For the purchase of die cut moulding materials by Jishan Pack from the Related Party (the details as disclosed under Item 3 of Section 2.2.1 of this Circular), it is beneficial to our Group in terms of expeditious response time and hassle-free delivery of materials, due to the close proximity of NMSB's operations to our manufacturing facility.

For the renting of premises by Jishan Pack from the Related Party (the details as disclosed under Item 4 of Section 2.2.1 of this Circular), it is beneficial to our Group as the premises rented is within close proximity to Plant 1, Plant 2 and Plant 3 respectively.

For the sales of sales mask by JSP Plas to the Related Party (the details as disclosed under Item 5 of Section 2.2.1 of this Circular), the sales terms are as per normal commercial terms. The Group does not intend to seek for renewal of the mandate to enter into this RRPT.
